

Joint Parish Meeting of Beswick, Leconfield, Lockington, Watton and neighbouring parishes

Opposing Clean Air Solar Proposals for OUR Area

Wednesday 17 June 2026
7 pm
Kilnwick Village Hall

All welcome as observers

Help us fight this industrialisation of our countryside. Come along and hear what we are doing as we join forces with the newly created **“Enough is Enough”** Action Group working with all parishes affected by this in the East Riding. Alone we are not a loud enough voice but together we may succeed!

Your help is very much needed.
